

## Litter Policy

**Eco Code**  
**"Solution, not pollution"**

"GHS will aim to reduce the amount of waste in school"

"GSH will try and change attitudes to litter by encouraging pupils to use bins."

### **All members of the school community have responsibility:**

- not to drop litter inside the school building, school grounds or outside school.
- to use recycling bins for any waste wherever possible.
- to pick up litter from the school or outside area and put it in a bin.
- to work together to keep our school and environment litter free.
- to contribute to school litter clean up days.

### **All members of the Eco-committee have responsibility:**

- raise awareness of the issues of litter.
- to promote the use of bins for any general waste.
- to promote the use of recycling bins.
- to monitor the litter in the school building, school grounds and local community and create an action plan to reduce litter.
